Some important reminders:

- Be on time! With choirs this large, it is vital that we maximize the rehearsal time for the clinicians. Plan ahead. Arrive early. Make sure students understand the need for alacrity. Make smart choices for lunch and dinner.
- District choir will need a couple of soloists. The top 4 chairs can audition if they choose.
- Make sure your students have...
  - all the music they need (originals)
  - black folder (with no other music or papers cluttering it)
  - pencil(s)
  - a positive attitude and flexible approach
  - looked at the new music
  - concert attire – choir uniform (proper shoes included)
- See information 2 post for schedule
- Space is limited, so changing clothes off-site for dinner is preferable. If students must change at the school, then arrive early enough so they can be on time to warm up.
- Directors will meet in the afternoon to get patches, etc.
